

Data Destruction for Computers

ComputerCorps has a Certified Data Destruction service for individuals and companies that need to insure that their data has been safely and professionally eliminated from their hard drives. ComputerCorps uses specialized software and other methods that meet or exceed the Department of Defense specifications.

As a matter of standard policy, ComputerCorps destroys all data from all computers and hard drives that we collect. However, if you and/or your company would require a Certificate of Data Destruction that will list the serial #'s and details of the process used, the following is a list of our pricing.

Costs for Certificates of Data Destruction

Quantity of Hard Drives	Cost Per Drive
1	\$ 25
2	\$ 15
3	\$ 11
4	\$ 9
5	\$ 8
6 +	\$ 7

ComputerCorps™ is a nationally recognized 501 (c) (3) Non-Profit Organization dedicated to providing access to computer technology for under-served families, while eliminating electronic waste from our nation's landfills. ComputerCorps has kept more than 1.6 million computer and electronic items out of our landfills and is currently receiving in excess of 3,000 items per month.
